Need to know

Arrival at the Ascot Grandstand: Free car parking is provided in Ascot Car Park N°3, opposite the Grandstand on Ascot High Street. Visitors may enter the UK Hi-Fi Show *Live* via Ascot Ticket Office East (also on the High Street) and access the Grandstand Concourse between Cores B and C [see graphic on p11] following the guides and flags.

Getting around: Please take a little time to familiarise yourself with the layout of this huge venue which is divided into quadrants, via stairwell/elevator Cores A, B, C and D, over six levels. You will enter the Grandstand Concourse at Level 1 between Cores B and C. Elevators to all floors are available within the Cores, and escalators to Levels 2 and 4 are accessible upon entry to the Concourse.

A network of stairs and escalators allows swift access to every corner of this sweeping venue. Look out for our blue banners which point the way to more exhibitors and look down at our 'Walk This Way...' footprints to ensure you are always on track. Where you see the red 'No Entry' footprint, please turn around.

You may also wonder why our demonstrations are seemingly scattered across this impressive venue. The reason is simple – where possible, we want to use the biggest spaces (the double and triple Ascot boxes) and these are distributed across Levels 2-6 rather than concentrated in one area.

Using the Guide: If you are looking to quickly locate a particular brand then turn to our index on p26. Manufacturers (brands) are listed alphabetically here and their location pin-pointed by the Suite number(s), the floor level and closest Core within the Ascot Grandstand. More detailed floorplans for each section of The UK Hi-Fi Show *Live* are also provided in this Show Guide.

The hosting brand, or distributor, and Suite number(s), will be indicated at the entry to each demonstration space. If in doubt, look out for the iconic Ascot 'Bowler Hats' who are stationed on every Level to help you navigate.

Food and drink (Level 4): We have a diverse food court and seating area open for 2023. Outlets include The Horsewalk Restaurant and The Frankel Bar situated between Cores A and B on Level 4 and a Lavazza coffee bar further along Level 4 between Cores B and C. Indulge your appetite while soaking up the spectacular views, and don't forget our Vinyl Fair on the same Level.

Toilets: Are located alongside the Cores on every level of the Ascot Grandstand

BRING THE STUDIO HOME

With prodigy, we're building on our belief that ultra-high-resolution loudspeakers, properly designed, can be used throughout the entire audio chain. That's why our designs are in composers' music-rooms, recording studios, and all the way through to the home – delivering the original performance directly to the listener.

Designed and built in-house here in Britain, the compact prodigy1 standmount and floorstanding prodigy5 both deliver staggering clarity and depth of bass seemingly beyond their size, thanks to our ATL technology – just part of the innovative PMC thinking packed into these speakers.

On active demonstration, look out for **Tim Jarman's** [above] complete 1970-'80s Philips system featuring the first-generation CD100 CD player [below] and motional-feedback loudspeakers.
