# THE BRISTOL HI-FI SHOW

Organised by audio T

## WHAT HI-FI?

What Hi-Fi? is once again delighted to welcome all of you to the UK's biggest hi-fi show!

The Bristol Hi-Fi Show, organised by Audio T in association with What Hi-Fi? has cemented a place in every audiophile and music fan's calendar since it launched over 30 years ago, and for good reason.

This year it's going to be another big one with over 150 brands set to exhibit. Whether it's the latest top-of-the-line separates, a special edition turntable only Jeff Bezos could realistically afford or one of the fresh wave of all-in-one systems hitting the market, you're sure to find something of interest at the show.

As always the team at What Hi-Fi? will be in attendance so make sure to pop down and say hi! As an added incentive we'll be running a demo where we'll be showing off the key benefits and drawbacks of the new Micro Lens Array (MLA) panel technology appearing at the top end of the TV market.

If that still wasn't enough to tempt you, we have some awesome prizes to hand out, so make sure to grab an entry form while you're at the show.

Alastair Stevenson,  
Editor-in-Chief, What Hi-Fi?

[www.whathifi.com](http://www.whathifi.com)

## WIN!

Enter the show competition for your chance to win a share of more than £10k-worth of stunning prizes, including Award-winning and five-star products. ## Introducing the Super Gold Monitor Series

Your Music Exactly as the Artists  
Hear It in the Studio

Welcome to the golden circle! But beware, once you enter, it's nearly impossible to escape. Why? Because you will hear your music and films like you have never heard them before. Our heritage speaker, Monitor GOLD, was launched all the way back in the 1980s and since then, countless high-profile recording studios have used our speakers when creating some of the most iconic albums in music history.

Artists like Michael Jackson, Elton John, The Eagles, Billy Idol, Depeche Mode and Christina Aguilera have had Tannoy speakers as the final link in the signal chain in the studio.

specialist in styli, cartridges and accessories for vinyl

Stand Bristol 9 - Ground Floor  
Come and visit our booth!

### NEW: Tonar Wash & Dry

The Tonar Wash & Dry is an all-in-one vinyl washing machine, to clean your complete record collection (including 7", 10" and 12" records). After washing, the machine will dry your records with a powerful, yet extremely silent vacuum system.

### StylusTimer™

The stylus of a phono cartridge should be replaced after every 1,000 hours of use (or sooner). A worn stylus degrades the sound quality and can damage your valuable record collection. With the StylusTimer™, you can track your stylus usage easily and precisely.

### Tonar vinyl and stylus cleaning

Tonar offers various easy-to-use tools to keep your vinyl dust free and to clean every nook and cranny of the groove. Maybe your stylus needs a proper clean-up as well? The Tonar Top Tip is a powerful cleaning solution that will detach all the dirt and tough grime that your stylus collects from the record during playback.

### Tonar Misty Clamps

The lightweight Tonar Misty Clamps couple your vinyl tightly to the platter. This will help to temporarily flatten out any warps during playback and assures that internal resonances can be drained away from the stylus. The Tonar Misty Clamps are available in different colors, to match every record player.

Tonar International B.V. • Tel: + 31 33 4554511 • info@tonar.eu • www.tonar.eu

## ANTHOS AUDIO

**426**

Anthos Audio – bringing music to life. An extraordinary sound system, meticulously designed over many years, to provide a lifelike, dynamic, and immersive experience for your home listening.

Thirteen-leaf 'flower horns' are crafted from intricate wooden laminations and finished with golden Cremonese varnish as used by Stradivarius. 'As a classical musician, I've had the privilege of experiencing live music 'from the inside'. My goal, to create hi-fi equipment capable of conveying the full intensity and excitement of musicians at their most inspired.' - James Boyd, designer.

incorporate carbonised Bamboo resin composite in their construction. Joining them will be the solid oak Apollo Storm range featuring the popular vinyl storage module, perfect for keeping your favourite records conveniently accessible.

## ATC 102

ATC celebrates its 50th Anniversary in 2024! To mark this milestone, ATC presents their SCM50ASLT Special Edition active loudspeakers, partnered with the exceptional SCA2 pre-amplifier plus streaming and vinyl sources. We look forward to meeting you all again to enjoy a wide selection of fantastic music.

## AUDEN DISTRIBUTION

Amphion, Auden Distribution, Audiomica, MusicWorks, Hegel  
222

Hegel H190v world premiere. The latest evolution of the company's bestselling award-winning integrated amplifier appropriately nicknamed "More Music". It incorporates a built in MM phono stage which is a scaled down version of the highly regarded V10 phono preamp. The H190v is the first from the brand to have a phono stage, along with regular analogue and digital inputs, be room ready and unnp. Paired with Amphion Argon3S loudspeakers for the show, Audiomica cables, with MusicWorks power and isolation products.

**NEW PRODUCTS:** Hegel H190v

## AUDIO NOTE 428, 430

We are manufacturers of the finest domestic audio reproduction equipment money can buy, using the best available technology and the finest components. We are the largest European manufacturer of ultra-performance valve-based audio equipment, with a world wide distribution network. We maintain a world-class standard of quality by keeping as many manufacturing processes in house, including winding our own transformers and foil capacitors.

### NEW PRODUCTS:

Level 4 Meishu "Konzertmeister", AN E Field Coil Speakers, AX ONE /ii Bookshelf speakers, AX TWO /ii Bookshelf speakers

**OFFERS:** We have a selection of bundles available. Visit our demo room or the Audio T Sales Desks for full details.

## AUDIO DIGITAL MUSIC MASTERS

Plixir, NuPrime Audio, Melco Audio, Audiophile Digital Music Masters, ADOT, BAY 1

ADMM staff will be joined by Melco Factory staff this year. The Melco audio range will be showcased alongside complementary brands ADOT, PLiXiR, and NuPrime Audio. Melco products will be featured throughout the show, serving as the source for some of the best-sounding systems. Leema Acoustics will be presenting the impressive Melco N1 music library and S10 switch in their room. NuPrime's Evolution DAC 2 and STA will be on display, accompanied by ADO1's fibre optic transport designed for galvanically isolating your HiFi system. Additionally, PLiXiR power products, including the new Statement BDC 12v and 19v power supply, will be part of the lineup. The distinctive advantage of all ADMM products lies in their ability to reduce the noise floor in your system, allowing you to capture all the subtle nuances in the mix.

**NEW PRODUCTS:** Melco introduces the new C1-D10 SFP+ direct attach cable, which will be showcased, and the team will be delighted to discuss its benefits with you.

## AUDIOQUEST AudioQuest, GoldenEar EMPIRE 2

This year we're going to be celebrating the absolute beginning of your system, and the very end...hang on, what on earth are we talking about? The beginning is power, none of our components work without power, so you could say it's the foundation that all is built upon. We'll have one of our Niagara 1200 power conditioners and a selection of power cables on hand to be able to compare to power straight from the "wall"...will the differences be audible? Will they be "worth" it...that's not for us to say, but for you to decide. The end is of course the speakers, we'll be playing our range topping GoldenEar models, a first for the Bristol Show, we'll have the multi-award winning Triton Reference and it's smaller brother the Triton One.R. Those who visited us last year heard the Triton 3+, and loved it's performance, this year we're gonna have the big boys on hand for you to enjoy. No new launches

## BLACK RHODIUM CONSERVATORY 6

Black Rhodium is presenting the latest information on its audio cables including its iconic Charleston loudspeaker cable for high end buyers and a selection of the award winning INTRO by BLACK RHODIUM cables for first time buyers. Bargain hunters will be very well rewarded with a large selection of our PROTO research test cables which are on sale for a fraction of the cost of similar 'branded' cables. We are looking forward to meeting old friends and new at Bristol.

New Product Launches: Oyaide Noise Reduction Tape NRF-005T. This low cost way to upgrade the sound of your cables is easy to fit and makes a noticeable improvement in separation of instruments and voices. Anthem top of the range digital audio cable

**COMPETITION:** Win a FREE Black Rhodium Charleston loudspeaker cable. Following its success last year we are repeating the offer and have two more award winning cables for second and third prizes.

## CHARCROFT ELECTRONICS Claritycap, Charcroft Electronics CONSERVATORY 5

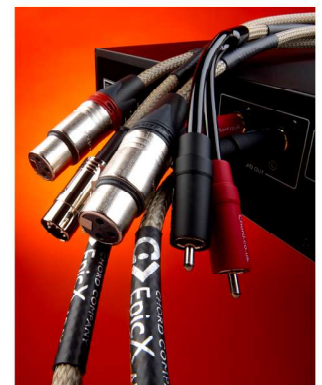

Working from our dedicated facility, we have designed and manufactured metallised plastic film capacitors for use in audio applications since 1974. Over the years we have continually developed our materials, processes, and systems to ensure you can listen to the difference a ClarityCap makes. Through partnerships with university research teams, the very best high-end audio manufacturers and end users we have been able to enhance and expand our range to offer a comprehensive solution for all your audio capacitor requirements.

**NEW PRODUCTS:** Purity Capacitors

**OFFERS:** £500 Capacitor Upgrade

## CHORD COMPANY English Electric, Chord Company EMPRE 3, FOYER 1

Chord Company will be demonstrating their award-winning hi-fi cables, power and noise-reduction products in the Empire 3 ground floor suite, with expert staff at their foyer display for technical advice and sales. Designed/built in England since 1985 by lovers of music. Enjoyed by music lovers worldwide.

**NEW PRODUCTS:** Chord Company PowerHAUS P6 mains block Chord Company BurndyX cables English Electric EE1 What Hi-Fi Awards Winners: ClearwayX and C-line interconnects and RumourX speaker cable

**COMPETITION:** Chord Company products can be won in the What Hi-Fi? competition at the show

# EXHIBITORS INFORMATION

## CHORD ELECTRONICS BRISTOL SUITE, SS GREAT BRITAIN 1 & 2

The founder-owned-and-run British company (est. 1989) will occupy two positions: the SS Great Britain 1 Suite will see the Bristol show debut for the new ULTIMA INTEGRATED, the multi-award-winning Qutest DAC and the sensational Hugo M Scaler (upscaler). **NEW PRODUCTS:** TTP Turntable Stream-XR Power-XR Audio Physic Avanti Floorstanders

**COMPETITIONS:** Win a Cyrus TTP Turntable

## DALI Lyngdorf Audio, DALI 114

Legendary Danish high end loudspeaker specialist DALI will be demonstrating their beautifully compact yet breathtakingly musical MENUET SE loudspeakers, driven by the superb LYNGDORF TDAi-3400 digital integrated amplifier (featuring RoomPerfect room-correction).

Sources will be an Innuos ZEN MK3 streamer and the legendary Technics SL1210 turntable, all connected using ATLAS cabling and mains products. Visitors to the room will also have the opportunity to listen to DALI's sensational new iO-12 wireless headphones, which have been gaining praise from reviewers globally since their launch. Fibre upgrade kit - same as above 3 available.

## DECENT AUDIO Scansonic, Dual, Decent Audio, van den Hul, SPL, AdvanceParis CABOT

Decent Audio welcomes exciting new brands to its portfolio for the 2024 show. Advance Paris manufacture a wide selection of electronics and ancillary products offering an unrivalled mix of sound quality, value and gallic flair. German brand SPI introduces its specialist small format HiFi range. Dual continues to cement its rebirth in the UK market with the latest addition in its automatic line. Scansonic the 'baby Raidho' loudspeakers from Denmark complete a fantastic system linked by Van den Hul cabling.

**NEW PRODUCTS:** Advance Paris WTX, Streamtubes Dual CS529BT, Scansonic Q Series, SPL Diamond mk2

## DIORA ACOUSTICS 324, 326

Diora Acoustics is a brand created by Diora-Swidnica which has been known on the audio market for many decades as a supplier of high-quality loudspeaker cabinets. Visit rooms 324 and 326 on the 3rd Floor where members of the Diora Acoustics will run you through their impressive products of Chors and Perun series. Additionally you can be the first to experience the emotions associated with the premiere of the new model of the Lada series. Do not miss out!

**NEW PRODUCTS:** New products: Chors 5, Chors 7, Perun 1, Lada 3

## DIVERSE VINYL TERRACE

Diverse Vinyl have been show regulars for over 25 years, bringing, as their name suggests, a "diverse" range of brand new LPs releases and audiophile reissues across many genres of music. They'll also have a selection of SACDs and other digital formats available throughout the weekend.

## DYNAMIC DISTRIBUTION Kanto Audio, Dynamic Distribution, AIAIAI 442

Explore Kanto Audio's colourful selection of powered desktop and bookshelf speakers, sealed subwoofers, and uniquely designed speaker stands. The newest edition ORA bridges the gap between computer speakers and studio monitors giving you studio-grade sound in a compact package that fits on your desktop. AIAIAI is a Danish audio company dedicated to empowering the future of music creation. Driven by a responsible design philosophy, and with a heritage in Scandinavian design, AIAIAI headphones & monitors are designed to last.

**NEW PRODUCTS:** Kanto Ora Reference Desktop Speakers, AIAIAI UNIT-4 Portable and ultra-low latency wireless studio monitors

## DYNAUDIO FOYER 1, BRISTOL SUITE

The Danish loudspeaker legend has something very special in store. Once you've had your sales-heavy fill of standard hi-fi demo tracks upstairs at the Show, you'll be able to relax in front of its flagship Confidence 60 speakers, powered by Naim 500 equipment. Listen to what you want, for as long as you want, in perfect clarity. It's the next best thing to actually being in the studio.

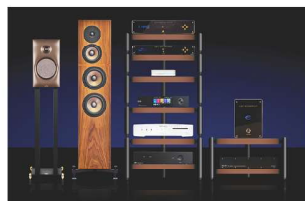

## ENGLISH ACOUSTICS 328

English Acoustics was born out of a deep passion for blending classic technology and ambitious cutting-edge design. The result is the production of its highly acclaimed power amplifier range the 21c and the 41c and its forthcoming pre-amp. The vision of the design team at EA is to deliver the technology designed to produce the most enjoyable escape. English acoustics push to optimise the qualities of the vacuum tube characteristics and succeed in opening a new level of listening experience.

## ELITE AUDIO UK Electrocompaniet, Revival Audio, Antipodes Audio, Aqua, everSOLO, HiDiamond, ZenSati, Erzetich, Burson Audio 418

EliteAudioUK, distributor of some of the world's best hi-fi brands, are delighted to make their Bristol debut—where they will be delighted to meet interested retailers (and audiophiles)! They will showcase some exciting brand new products from their extensive distribution brands—with amplification from Norway, French loudspeakers, digital products from New Zealand, Italy, Norway and China, plus Danish and Italian cables—also headphones and amplifier from Slovenia/ Australia respectively. The systems sound absolutely awesome...

**NEW PRODUCTS:** A first UK outing for the Electrocompaniet AW300M monoblocks, Revival Audio ATALANTE 4 floorstanders, EC Living RENA SA2 streamer/amplifier, Burson Soloist VOYAGER headphone amp and Erzetich Charybdis headphones.

## EXPOSURE ELECTRONICS 212

For affordable high-end electronics, British brand Exposure is hard to beat. The company celebrates its 50th anniversary in 2024 and kicks off the year with two exciting new 'source' launches. For vinyl devotees seeking the perfect deck to partner with their much-loved Exposure electronics, the brand new 360 turntable has arrived! And for digital fans, the must-hear 3510 CD player is the latest addition to Exposure's 3510 series.

**NEW PRODUCTS:** 360 Turntable  
3510 CD Player

## FYNE AUDIO BRISTOL SUITE, 304, 306

Fyne Audio returns to Bristol with two demonstration rooms and a large static display of its 2024 speaker line-up next to the What Hi-Fi room in the Bristol Suite. Making its Bristol debut, the F1-8S and the new premium F702 'Special Production' model will be rocking Room 304 with stunning sound and contemporary style, while in Room 306, Fyne will unveil their latest loudspeaker technology developed by Dr Paul Mills.

**NEW PRODUCTS:** F700SP  
Series

## GIK ACOUSTICS BRISTOL SUITE

Pro Look. Pro Build. Pro Results." Since its establishment in 2004, GIK Acoustics has been a pioneer in advancing room acoustic treatment across diverse spaces. Specialising in crafting absorption and diffusion products, GIK Acoustics has grown into a global leader, outfitting studios, homes, and commercial establishments with exceptional acoustic solutions. Trusted by music enthusiasts, industry professionals, corporations, and institutions, the company has made its mark through commitment to quality, customer satisfaction and sustainability.

**NEW PRODUCTS:** GIK Acoustics, proudly introduces the SlatFusor Series, a fusion of modern elegance and unparalleled acoustic design.

Engineered to elevate any listening environment, the SlatFusor Series offers control of echoes and reverberations as well as solutions for effective absorption of low-frequency resonances.

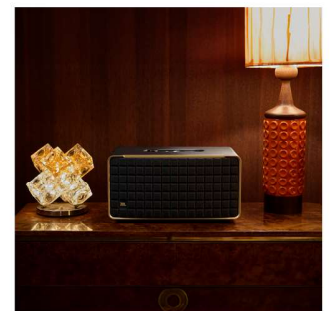

## HARBETH AUDIO PIXIR, NUPRIME AUDIO, MELCO AUDIO, AUDIO DIGITAL MUSIC MASTERS, ADOT 228, 230, 232, 234

The world's best-loved loudspeakers are back in greater force at this year's Bristol Hi-Fi Show with FIVE rooms. Join us in rooms 230, 232 and 234 to experience Fidelity First® sound with the P3ESR XD and Nelson®, our new bass extender + stand solution, the M30.2 XD, and, for the first time, NLE-3™ - a truly New Listening Experience. We also welcome you to our new room 228 - 'meet the manufacturer' - where you'll have the opportunity to interact with one of our design engineers, who will share the unique technologies that make Harbeth loudspeakers the speakers of choice. In room 330, directly above us, in collaboration with internationally acclaimed jazz artist Lyn Stanley, we will have our P3ESR XD + Nelson combination on demonstration.

**NEW PRODUCTS:** Nelson®,  
NLE-3™

## HARMAN CONSUMER UK JBL, Harman Consumer UK 302

For over 75 years, JBL has shaped life's most memorable moments, and elevates listening experiences with superior audio and product designs that encourage individuality and self-expression. With unmatched professional credentials and industry-leading innovation, JBL is a trailblazer in the audio industry.

At the show this year we are introducing the JBL Authentic series – where striking sound performance meets a timeless retro design inspired by JBL's heritage. The feature-packed range encompasses Wi-Fi, Bluetooth, smart speaker options and the Authentic 500 delivers Dolby Atmos® to envelop listeners in immersive sound.

**NEW PRODUCTS:** KANN ULTRA HC4 HB1

## HEGEL

Hegel, Amphion  
220

Showcasing Hegel H600 integrated amplifier and Viking CD player. Both launched in autumn 2023 setting new standards at their price points. The H600 has power, authority and control yet reveals subtle nuances creating a beautiful musical picture. The Viking is focussed entirely on CD, the whole signal path is developed specifically for that role resulting in playback quality much higher than the price suggests. Paired with Amphion Argon3LS loudspeakers for the show, Audiomica cables, with MusicWorks power and isolation products.

**HI-FI+ GLOBAL**  
CONSERVATORY 8

# hi-fi+

Since its launch in 1999, hi-fi+ has been at the forefront of high-end audio as a source of expert reviews, features and opinions of the latest high-quality audio and music. hi-fi+ also ventures to bring out the enjoyment and entertainment in audio by producing high quality products. Most of all, we endeavour to help our audience build systems that bring the sound of the live event into the home.

**HIFI PiG**  
CONSERVATORY 2

HiFi PiG is THE online magazine focusing on the very latest HiFi News and HiFi Reviews, plus lots of HiFi Show reports from around the globe. We now also publish the online Not Boring magazine, with art, culture, and more...all seen through the lens of audio and music. HiFi PiG prides itself on being fiercely independent and, whilst UK-centric, we have a worldwide reputation and presence.

## IAG

Quad, IAG, Audiolab, Wharfedale

**COMPETITIONS:** We're offering a pair of Focal Bathys wireless, noise-cancelling headphones via the What Hi-Fi Bristol Hi-Fi Show 2024 competition.

**ORANGE CONSUMER PRODUCTS**  
**318**

Orange has been a pioneering force in the audio industry since 1968. The Orange Valve Tester MkII supersedes the Orange VI1000. The tester automatically checks valves and displays their condition, performing a wide range of tests quickly and accurately. The unit measures, evaluates and matches valves and identifies faults. It will also test microphony in pre-amp valves, rectifiers and Hi-Fi valves using an optional expansion module. It is British designed, world patented and made exclusively in the UK. Also on display Orange award winning Bluetooth speakers using analogue audio.

**NEW PRODUCTS:**  
 Orange Valve Tester MkII

**OPTOMA**  
**410**

Dive into Cinematic Brilliance. Experience the magic of movies like never before. Optoma unveils its latest projectors, delivering outstanding visuals, rich colours, and excellent response time to turn your living room into a dream theatre

**ORIGIN LIVE**  
**406**

These British manufacturers still believe the best source is analogue. Their high-performance tonearms, turntables and accessories are renowned for their neutral tone, clear, separate soundstage, and highly dynamic performance. Testing, development and production take place under one factory roof in Southampton, where the company fine-tunes their products with one pursuit: Recreating the original sound of live music. There is more in those vinyl grooves than you know about, and Origin Live invites you to discover more from your music.

**NEW PRODUCTS:** Origin Live will be presenting the Strata Multi-Layer Platter Mat publicly for the first time in the UK.

**PEARL ACOUSTICS**  
**404**

Joining the success of our Sibelius loudspeaker, we are proud to launch our 170 single-ended, power amplifier. With a rated output of 18W per channel into 8 ohms - don't be fooled, this amplifier can drive even the most demanding loudspeakers down to 2ohm! Manufactured entirely in the UK, it has a retail price of £8500. "I just knew that the KT170 tube had so much untapped potential. We are just so happy with the result." Ajay Verma, Pearl Acoustics

**NEW PRODUCTS:** Pearl Acoustics 170 Power amplifier

**NEW PRODUCTS:** Silence Alpha TT-1

## SOUND FOWNDATIIONS Sound Fowndatiions, Furutech, DS Audio, Clearaudio, Silence Audio 208, 209

How do you top a best-selling, multi-award winning turntable that combines sleek design, high-end performance, plug & play simplicity AND affordability? Meet the new Clearaudio Concept Signature, with its remarkable price to design/performance ratio, partnered with several further classics from the Clearaudio range. We'll also showcase the outstanding sound of DS Audio's unique optical phono cartridges, and demonstrate the difference that Furutech's performance enhancing DSS-4.1 speaker cables and LineFlux NCF XLR/RCA interconnects can make to your system.

**NEW PRODUCTS:** Clearaudio Concept Signature turntable, Furutech NCF Clear Line signal path noise optimisers, DSS-4.1 loudspeaker cables & Lineflux NCF interconnect cables

**SPENDOR**  
CASTLE VIEW SUITE (First Floor)

Cadence Distribution harnesses over 70 years of collective experience in Hi-Fi audio sales and development. Our capabilities span from expert analog system configuration and fine-tuning to the holistic creation of advanced audio setups. Our team collaborates with some of the best of the best in the industry.

During this year's Bristol Hi-Fi Show, we will showcase an array of esteemed brands, including Spendor, Plinius, SME, Shelter, and more. Whether you're seeking advice, wish to innovate in retail, or want to enhance your brand's visibility, Cadence Distribution stands ready as your ideal partner. We invite you to meet with us in the castle view suite located on the first floor.

**SUPATRAC**  
312

SUPATRAC BLACKBIRD The Blackbird is a new turntable tone arm with a revolutionary patented\* 'Sideways Uni-Pivot Arm' bearing which outperforms traditional tone arms. The sideways uni-pivot bearing directly opposes stylus drag at a single point of contact, eliminating microscopic play in the time axis and avoiding the scrubbing and roll movements which can degrade the performance of conventional uni-pivots. The Blackbird's SUPA bearing delivers unprecedented performance. \* UK patent 2599073, international patents pending

**SENNHEISER**  
408, 409

hand built high end phono-cartridges from Brooklyn, New York  
*Grado Labs was established by Joseph Grado (1924-2015) in 1953 in Brooklyn, New York. Joseph Grado is responsible for more innovations in phono cartridge design than any other person in our lifetime, inventing the stereo moving coil (MC) phono cartridge and holding more than 48 patents. Through three generations the family has kept the tradition of putting sound first. Grado produces the world's finest phono cartridges, all hand-crafted and tested. This meticulous care in design and construction lavished on each Grado cartridge contributes to an unchallenged consistency of performance and guarantee of reliability. Grado offers cartridges for all budgets starting from £ 99,00 for the Prestige Black3 all the way to £ 10.800 for the Lineage Epoch3.*

## LINEAGE SERIES 3

Combining newly developed techniques with decade-old disciplines: the Grado Lineage Series flagship cartridges Epoch3, Aeon3 and Statement3 have gold, sapphire, diamond, and wood working in harmony.

## TIMBRE SERIES 3

The new Timbre Series combines every next generation mid-range wooden phono cartridge into a striking and powerful family, producing a warm, impactful, and accurate sound. The Opus3 is the newest addition at the entry-level to the Grado wooden cartridge series.

## PRESTIGE SERIES 3

The Grado Prestige Series provides the easiest way to enter the analog world. These entry-level cartridges punch above their weight class. Available for both ½ inch and T4P mounting. Grado offers also special cartridges for playing 78 rpm records and Mono LPs, as well as cartridges for DJs.

## A New Legend is Born

Hear Your Music Exactly as the  
Artist Heard It in the Studio

Welcome to the dawn of a new era. Our heritage speaker III LZ was launched all the way back in the 1960s and since then, countless high-profile recording studios have used our speakers when creating some of the most iconic albums in music history.

Artists like Peter Gabriel, Led Zeppelin, The Eagles, Pink Floyd, The Beatles and Beyonce have had Tannoy speakers as the final link in the signal chain in the studio.

And just like the original III LZ, our STIRLING III LZ SPECIAL EDITION speakers are designed and manufactured in the UK.
