THE BRISTOL HI-FI SHOW

Organised by audio T

WHAT HI-FI?

www.whathifi.com

Welcome to the Bristol Hi-Fi Show, where for yet another year organisers, Audio T, myself and the wider What Hi-Fi? team are delighted to welcome you to the UK's biggest hi-fi show.

The Bristol Hi-Fi Show has been a staple in any audiophile, music fan or general hi-fi-fanatics' calendar for well over 30 years, and for good reason.

Over its lifespan the show has been the launchpad for numerous iconic audio products. Last year alone we got a chance to check out, and get an early listen with, everything from clever new modular-design speakers to flagship floorstanders from some of the industry's most iconic and prestigious names.

And this year looks set to deliver yet more amazing launches, with over 146 brands confirmed to be at the show at the time of writing, with all their latest audio treats. Whether it's a fresh all in one system, purist turntable or cutting edge streamer you're sure to find something of interest at this year's event.

As always, the What Hi-Fi? team will be in attendance and running a demo at our stand where we'll show off some of the latest hardware currently available.

This year we're continuing our home cinema run. At the stand you'll get a chance to see what benefits (if any!) 8K resolution brings in a special setup using one of Samsung's cutting edge, next-generation TVs, coupled with a 7.2 surround sound package built around Wharfedale's exceptional Linton speakers – so make sure to swing by, say hi and check it out!

.

Alastair Stevenson,

EXHIBITORS INFORMATION

ACOUSTIC ENERGY
CONCORDE SUITE

Making their worldwide appearance, Acoustic Energy are pleased to unveil the new 300 Series. Featuring the AE300 stand mount, AE309 and AE320 floorstander and the AE307 LCR, all models have been completely transformed from the previous range with new paper/coconut fibre drivers, Tetoron tweeters, constrained layer cabinets and new silk-touch matte black or white finishes. We invite you to hear them for yourself and see the rest of our award-winning ranges in The Concorde Suite on the lower ground floor.

NEW PRODUCTS: 300 Series making their Bristol Show debut.

OFFERS: 20% off all orders placed at the show (excluding CORINIUM and new 300 Series).

ADVANCED PLAYERS
HiFi Man, FiiO, Advanced Players
336

AMP3 are back at the Bristol Hi-Fi Show this year to exhibit the acclaimed brands FiiO, iBasso and HiFiMAN. We will be displaying FiiO's latest desktop amp, the K17, as well as some new offerings from their Snowsky range. There will also be some new products from iBasso on display, as well as some planar headphones from HiFiMAN's new Unlimited range, such as the latest iterations of the Arya and HE1000 headphones. Come see us in room 326!

NEW PRODUCTS: FiiO K17 Desktop DAC and Amplifier

FiiO Snowsky Retro Nano Bluetooth DAC and Headphone Amplifier

HiFiMAN Arya Unlimited Planar Headphones

HiFiMAN HE1000 Unlimited Planar Headphones

AIR AUDIO DISTRIBUTION
Hana, connected-fidelity, Air Audio Distribution
414

We will be highlighting new Connected-Fidelity and Hana products this year in room 414. Demonstrating our growing range of UK manufactured components, designed to make music! On the Distribution side, we will be playing the new Hana SLMkII cartridge on our TT Hub turntable, showing off our new 2 tonearm turntable option, using two different Sorane tonearms. Our balanced power unit is now supplying our recently introduced star wired distribution block with RF filtering, offering both good dynamics and low noise.

NEW PRODUCTS: Double arm TT Hub turntable from Connected-Fidelity

ANTROBUS AUDIO
TERRACE, CONSERVATORY

We have been making beautiful, bespoke furniture for 20 years. To celebrate this anniversary ANTROBUS audio is launching the MC1. This modular piece of furniture, which houses Hifi components and media including vinyl, is designed to maximise sound fidelity. The fully removable doors can be upgraded to different colours and styles in seconds, whilst the piece looks equally stylish with the doors removed. Order one today at a special show price and get a free headphone stand.

NEW PRODUCTS: ANTROBUS audio MC1

COMPETITION: Enter our free draw to win a bespoke birch ply record box

ATACAMA AUDIO
Atacama Audio, Apollo Hi-Fi
BAY 4

Introducing Atacama Audio and Apollo HiFi, British manufacturers of premium hi-fi furniture and speaker stand supports.

See the multi-year award-winning Atacama Evoque Eco 60-40 SE2 modular rack and Atacama Moseco 6 speaker stands, both featuring sustainable bamboo in their construction.

Also on display, the elegant Apollo Storm, UK exclusive Storm XL and the new Podium series modular hifi racks, all with the option of convenient vinyl storage for audiophiles.
The team will look forward to seeing you at the show!

NEW PRODUCTS: Apollo Storm XL modular hifi rack, Apollo Cyclone XL speaker stands, Podium series hifi/AV modular racks

ATC
102

ATC (Acoustic Transducer Company), is a specialist British manufacturer of loudspeaker systems, loudspeaker drive units and the relevant partnering audio electronics.

This year we are demonstrating the SCM20ASL active stand-mount loudspeakers with supporting C4 Subwoofer. Both digital and vinyl sources are available. We look forward to meeting you all again and enjoying some fantastic music.

AUDEN DISTRIBUTION
Hegel, Auden Distribution
220, 222

We have two amazing rooms again this year with our UK partner, Auden Distribution. In room 220, get ready for a world premiere of our latest product release! This incredible system features the H600 and a pair of EgglestonWorks loudspeakers. We are thrilled for you to see and hear this ground breaking release, and one of our team members from Hegel will be on hand all weekend to answer any questions and showcase the incredible capabilities of our latest product.

In room 222, we are showcasing the H190V, this time in the popular white finish. This product offers superb value and has received rave reviews. It's paired with a Luphonic turntable and a pair of Amphion loudspeakers. This system has garnered plenty of praise at previous shows, and we're giving you the chance to experience it again at this event. Both systems are cabled with Audiomica and use MusicWorks power and isolation products to ensure the best possible performance.

AUDIO NOTE
426

Audio Note UK will be presenting a level 4 system - with the AN E SPx Ltd Field Coil speakers . It is the 100th year since the first Field Coil speakers appeared.

We have a special guest appearance from Bob Harris of BBC radio 2 - who will be playing and discussing some of the tracks of his years on Friday and Saturday afternoons.

NEW PRODUCTS: AN E SPx Ltd Field Coil speaker, MEISHU PHONO KONCERTMEISTER 300B integrated amplifier.

AUDIOQUEST
EMPIRE SUITE

Time and time again, many of our favourite artists have reminded us that the best things in life are free. But whether it was Barrett Strong, Frank Sinatra, or our beloved Beatles, they certainly weren't thinking about audio performance.

If you've ever wondered how much better your system can sound simply by swapping your components' "free" cables for precision-made alternatives, then this demonstration is for you.

The cables that come in the box may be great for convenience, but sometimes even "free" comes at a cost. How much resolution, nuance, and emotional impact have you been missing?

You be the judge. Starting at 11am each day, we'll provide informative cable demonstrations on the hour.

NEW PRODUCTS: Sneak preview of the new PowerQuest 505, soon to be available in a UK version.

COMPETITON: Win a 3m pair of Terminated AudioQuest Rocket 22 Speaker Cables in the *Audio T Giveaway*!

AURALIC
AURALiC, Sugden
218

On demonstration Auralic's award winning range of products including the Vega S1 Streaming DAC and S1 power supply, and a complete range of Sugden electronics. Graham Audio & ProAc loudspeakers complete the picture.

BLACK RHODIUM
Oyaide, Black Rhodium
BAY 3

Black Rhodium will be showing its wide range of audio cables plus a selection of audiophile accessories from Oyaide of Japan.

Black Rhodium will have for sale a wide choice of the very popular PROTO cables used for testing new designs at very much reduced prices.
New cables will include speaker cable plus RCA and XLR stereo interconnects aimed at customers upgrading entry level systems and a new high £1200 loudspeaker cable ideal for upgrading mid price systems.

NEW PRODUCTS: XTRA for FIRST UPGRADE Loudspeaker cable, RCA Stereo interconnect and XLR stereo interconnect BLACK RHODIUM Operetta loudspeaker cable

BRANDLIFI
BRISTOL SUITE 7B

Brandlifi is a new online PR platform designed to transform how audio and consumer tech brands and agencies connect with the media.Upload high-res images and press releases to your branded Press Office and give journalists 24/7 access to your content, securing more press coverage than ever. Boost your brand's visibility, drive sales, and track success - all from one easy-to-use platform.

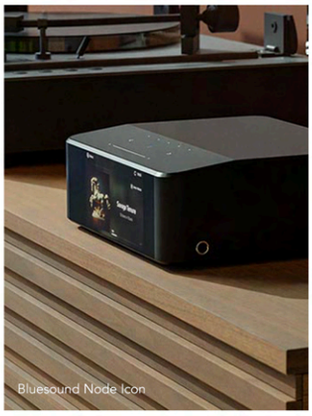
Visit us at the show to discover how Brandlifi can amplify your PR today.

BLUESOUND
204

Bluesound will debut the new NODE ICON in the UK, partnering with MartinLogan's Electromotion ESL-X hybrid-electrostatic loudspeakers to showcase the flagship streamer's precision, timing, and ultra-low noise floor.

Attendees will also have the chance to experience the Bluesound POWERNODE N330, EDGE N230, and the omni-directional Pulse M speaker. Additionally, the HUB source input accessory will be demonstrated, highlighting BluOS's flexibility in distributing a turntable source across multiple zones.

COMPETITON: Win a Bluesound Node Nano in the *Audio T Giveaway*!



Bluesound Node Icon

CADENCE DISTRIBUTION
Spendor, SME, Rotel, Loricraft
CASTLE VIEW SUITE

Prepare yourself for an unforgettable Bristol Hi-Fi show, where all the brands you've been eager to explore are gathered in one place. Cadence Distribution is renowned for offering a collection of iconic legacy brands, like Rotel/Michi, SME, Spendor, Weiss, Crystal Cables, Western Electric and many more!

We have it all. Now is your opportunity to connect with the people directly involved with these exceptional companies

Stand Bristol 9
Ground Floor
at tonar

Grado Labs is a family owned, American company that has been producing the finest phono cartridges since 1953 in Brooklyn, New York. The meticulous care in design and construction lavished on each Grado cartridge contributes to an unchallenged consistency of performance and guarantee of reliability.

"Truly the World's Finest..."

LINEAGE SERIES 3

A musical bliss from an ultra-sophisticated moving iron design in a cocobolo wooden housing The Grado Lineage Series flagship cartridges Epoch3, Aeon3 and Statement3 have gold, sapphire, diamond, and wood working in harmony.

TIMBRE SERIES 3

The new Timbre Series combines every next generation mid-range wooden phono cartridge into a striking and powerful family, producing a warm, impactful, and accurate sound. The Opus3 is the newest addition at the entry-level to the Grado wooden cartridge series.

PRESTIGE SERIES 3

The Grado Prestige Series provides the easiest way to enter the analog world. These entry-level cartridges punch above their weight class. Available for both ½ inch and T4P mounting.Grado offers also special cartridges for playing 78 rpm records and Mono LPs, as well as cartridges for DJs.

Grado offers cartridges for all budgets starting from £ 99,00 for the Prestige Black3 all the way to £ 10.800 for the Lineage Epoch3.

Grado cartridges are exclusively represented by Tonar International for distribution in the United Kingdom, Ireland, and the Benelux.

LYN STANLEY
International Recording Artis
324

International Recording Artist Lyn Stanley Appears at the Bristol HiFi Show, Room 324, February 21-23, 2025 to Release Her Newest Album, Tribute to 1924. One of the audiophile industry's most appreciated jazz artists, Lyn Stanley, makes her second appearance at the Bristol HiFi Show to release her eleventh audiophile album, Tribute to 1924. She will present her big studio analog tape Master Recording album as 180gram One Step LPs, 45rpm, as well as high resolution digital files created from the Quad DSD directly from Sunset Studio's Neve Console at the same time as the analog tape capture. The album was recorded, mixed and mastered by audiophile's Golden Age engineers, Allen Sides and Bernie Grundman. Top Los Angeles and New York jazz talent are also featured on this highly acclaimed album.

NEW PRODUCTS: Lyn Stanley will release her final Major Studios audiophile album, Tribute to 1924, as an Analog Master Recording LP-One Step (two discs) and the digital products will be from Quad DSD direct from analog mixing board.

Lyndorf FR-2 Speakers

LYNGDORF AUDIO

Come and Visit us!
Stand Bristol 9 Ground Floor

specialist in styli, cartridges and accessories for vinyl

NEW: Tonar Wash & Dry

The Tonar Wash & Dry is an all-in-one vinyl washing machine, to clean your complete record collection (including 7", 10" and 12" records). After washing, the machine will dry your records with a powerful, yet extremely silent vacuum system.

Tonar vinyl and stylus cleaning

Tonar offers various easy-to-use tools to keep your vinyl dust free and to clean every nook and cranny of the groove. Maybe your stylus needs a proper clean-up as well? The Tonar Top Tip is a powerful cleaning solution that will detach all the dirt and tough grime that your stylus collects from the record during playback.

NEW!

Tonar Gold Record Brush

Tonar Turntable Mats

Mats Matter! Apart from absorbing and dampening unwanted vibrations, turntable mats have their own effect to enhance the sound. Tonar offers a large selection of turntable mats made from various materials — cork, rubber, leather, perspex and glass — for you to find the best mat for the different recordings in your collection.

Cork & Rubber Mat

Black Leather Mat

Tonar Misty Clamps

The lightweight Tonar Misty Clamps couple your vinyl tightly to the platter. This will help to temporarily flatten out any warps during play-back and assures that internal resonances can be drained away from the stylus. The Tonar Misty Clamps are available in different colors, to match every record player.

NEW!

Tonar Window Weight

Tonar offers over 3000 different types of phonograph styli...

...and 1500 different types of phonograph cartridges.

But also: hundreds of head shells...

...and more than 400 types of turntable belts.

NOTES

JICO

Clipper

JICO's brand new original Dual-Fitting MM Cartridge featuring an ApexGlide headshell and a Tapered S Cantilever.

Ready for Take-Off!

Visit us!
Stand Bristol 9
Ground Floor
at tonar

The Clipper is the world's first Dual-Fitting Stylus Cartridge, a true game-changer in the world of vinyl playback. This unique cartridge is not only compatible with its own original stylus but also with the renowned Shure N44 and all types of JICO N44 replacement styli.

By physically tapering the cantilever—narrowing the tip and widening the base—the vibrations are amplified towards the rear. This minimizes the tip mass for exceptional vibration fidelity, resulting in more precise tracking and a sound that's dynamic, punchy, and full of life.

The Clipper features a unique ApexGlide precision-engineered finger lift, centrally positioned on the headshell of the cartridge, for exceptional stability and ease of use.
