Arrival at the Ascot Grandstand: Free car parking is provided in Ascot Car Park N°3, opposite the Grandstand on Ascot High Street. We have three stewards on station in the car park to assist you, and guide any disabled visitors to parking bays that are as close as possible to the venue. Visitors may enter the UK Hi-Fi Show Live via Ascot Ticket Office East (also on the High Street) and access the Grandstand Concourse between Cores B and C [see graphic on p11] following the guides and flags.

Getting around: Please take a little time to familiarise yourself with the layout of this huge venue which is divided into quadrants, via stairwell/elevator Cores A, B, C and D. Our Show is concentrated on Levels 2, 3 and 4 with Revox in a special area on Level 5, Core A. You will enter the Grandstand Concourse at Level 1 between Cores B and C. Elevators to all floors are available within the Cores, and escalators to Levels 2 and 4 rise from the Concourse. Look out for our blue banners which point the way to more exhibitors and

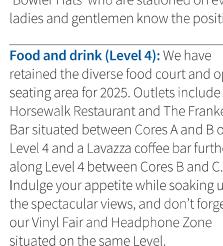

glance down at our 'Walk This Way...' footprints to ensure you are always on track. Where you see the red 'No Entry' footprint, please turn around. You may also wonder why our demonstrations are seemingly scattered across this impressive venue. The reason is simple – where possible, we want to use the biggest spaces (the available double and triple Ascot boxes) and these are distributed across Levels 2-5 rather than concentrated in one area.

Using the Guide: If you are looking to quickly locate a particular brand then turn to our index on p22. Manufacturers (brands) are listed alphabetically here and their location pin-pointed by the Suite number(s), the floor level and closest Core within the Ascot Grandstand. More detailed floorplans for each section of The UK Hi-Fi Show Live are also provided in this Show Guide.

The hosting brand, or distributor, and Suite number(s), will be indicated at the entry to each demonstration space. If in doubt, look out for the iconic Ascot 'Bowler Hats' who are stationed on every Level to help you navigate – these ladies and gentlemen know the position of every room in the Grandstand!

Food and drink (Level 4): We have retained the diverse food court and open seating area for 2025. Outlets include The Horsewalk Restaurant and The Frankel Bar situated between Cores A and B on Level 4 and a Lavazza coffee bar further along Level 4 between Cores B and C. Indulge your appetite while soaking up the spectacular views, and don't forget our Vinyl Fair and Headphone Zone

Toilets: Are located alongside the Cores on every level of the Ascot Grandstand.

Tuning], Kae Nagaoka [Nagaoka], Hideki Kato [Soulnote], Lars Kristensen [Audio Group Denmark], Jozefina Lichtenegger [European Audio Team], Stephen Baker [Rotel], Gerry Holman [WiiM], Lasse Danielsen [Electrocompaniet], Jacky Lee [Revival Audio], Jürgen Imandt [Revox], Edwin Rijnveld [Siltech], Michael McCormick [Bel Canto], Anders Ertzeid [Hegel], Ole Witthøft [System Audio], Matthew Webster [YG Acoustics], Terry Medalen [Primare], Marcin Hamerla [Ferrum Audio] and Udo Besser [AVM]. Please visit www.hifishowlive.com/exhibiting-brands-and-ambassadors for the full listing.

This year we are honoured to announce two very special live musical events – both being recorded on site for general release. On Sat 27th we have three performances by singer/songwriter **Reema** [www.reemamusic.net and top right], acclaimed for her bitter-sweet and delicate folk melodies. **Reema** will be recorded by Revox (Suite 504-506, Level 5/Core A).

Courtesy of Cadence Distribution (Parade Ring, Level 2/Core B and C), the **Royal Philharmonic Orchestra** (top) will perform a concert of light classical repertoire at 3pm on Sun 28th. This will include Blue Danube (Strauss), Danse Macabre (Saint-Saëns), Arrival Of The Queen Of Sheba (Handel) and Chanson de Matin (Elgar) among other instantly recognisable 'classics'. Recording this performance, and on hand to share his decades of experience in engineering high-end analogue recordings, will be famed producer Tony Faulkner.

Sat 27th, 11am/1pm/3pm: Suite 504-506, Level 5/Core A: Reema in concert & autograph sessions

Sun 28th, 3pm: Parade Ring, Level 2/Core B and C:Royal Philharmonic Orchestra in concert (tickets in advance)

Returning by popular demand, **Matthias Böde** [below left] from Germany's premier hi-fi

magazine, *Stereo*, will present a special series of interactive Workshops on a range of hot audio topics on both Sat 27th and Sun 28th. Whatever the subject, Matthias is guaranteed to inject his unique humour into hi-fi. Not to be missed!

11am: Cadence Distribution; Parade Ring, Level 2/Core B and C: Matthias spins two high-end turntables from kings of the genre – Garrard and SME. Which will reign supreme?

12pm: Revox; Suite 504-506, Level 5/Core A: Compare the sound of vinyl with master tapes via an iconic Revox B77 (Mk III)

1:15pm: Henley Audio; Ascot Authority, Level 2/Core B: Moving-magnet vs. moving-coil with the EAT F-Dur turntable

2.15pm: Devialet; Suite 234-235, Level 2/Core C and D: Digital file comparisons from MP3 to hi-res, and the world launch of the Phantom Ultimate streaming loudspeakers

3.15pm: Hi-Fi Network; Suite 413-415, Level 4/Core C: How loudspeaker directivity influences sound quality, featuring ELAC's flagship Concentro 2.0 M 807 floorstander

If you love the Vintage Review feature in *Hi-Fi News* magazine, then visit our Vintage Showcase in Suite 232 (Level 2, Core C) where our very own

Tim Jarman [below right] is featuring desirable legacy products, including Bang & Olufsen's Beosystem 8000 [right]. Launched in 1980, this complex and ambitious system allied its 'tangential drive' Beogram 8000

turntable and tape recorder to a 2x150W receiver. Fancy a blast from the past? Then these sounds from yesteryear will take you back in time...

FOUR Brands. **ONE** Philosophy. **ENDLESS** Musical Experiences.

Bringing People Closer to the Music

The Axxess series is a more affordable and less complex Hi-Fi system based the technologies and design principles used in the highly claimed Aavik, Børresen and Ansuz brands. However, the sound quality is significantly beyond what their retail price would suggest.

Naturally, the full Axxess lineup works in perfect harmony. However, clever engineering guarantees that each product performs equally well when integrated into other systems.

"What impressed me most was the incredible sense of realism and immediacy. The synergy between their brands delivered a presentation that was both effortlessly natural and deeply engaging. I will never forget the Paul McCartney vocal on 'And I Love Her'."
