EXHIBITORS INFORMATION

ACOUSTIC ENERGY CONCORDE SUITE

Acoustic Energy will be demonstrating two models from their award-winning loudspeaker ranges. On rotation throughout the weekend will be the AE300², the What Hi-Fi? Award-winning 'Product of the year' 2025, and the multi award-winning AE1 40th Anniversary (see signage in the room for timings).

They'll also have models from the rest of the range on display, including the brand-new Midnight Silver finish Corinium.

We invite you to see and hear them for yourselves in the Concorde Suite on the lower ground floor.

OFFERS: 20% off all orders placed at the show.

AIR AUDIO DISTRIBUTION Sorane, Hana, Connected-Fidelity 414

This year, we will be playing vinyl on the TT Hub turntable, using two tone-arms - the Sorane SA-1.2 with a range of Hana cartridges, and the NEW Connected-Fidelity CF-1010 Tone-arm, fitted with the NEW HANA Umami Black diamond cartridge. As usual, the amplification and loudspeakers will be supplied by our industry friends, wired through with the Connected-Fidelity cables, AC-2K balanced power, 6 Star distribution block, and isolation products; all of which make the system 'sing'. Our NEW Unity

power cable launch, with 'wirewound technology', will be seen and heard here first.

NEW PRODUCTS:

- Hana Umami Black diamond cartridge
- Connected-Fidelity CF-1010 tone-arm
- Connected-Fidelity UNITY mains cable with 'wirewound technology'
- HiFiMAN Arya Unlimited Planar Headphones

AMP3

FiiO, HiFiMan, Ferrum and iBasso
326

AMP3 are back at the Bristol Hi-Fi Show this year to exhibit the acclaimed brands FiiO, iBasso, Ferrum and HiFiMAN. We will be displaying the latest products from FiiO such as the new M27 DAP, DM15 R2R CD Player and the M33 DAP. Ferrum joins our line up for the first time and will be a great source for testing HiFiMan headphones. Come see us in room 326!

NEW PRODUCTS:

- FiiO DM15 R2R
- FiiO EH11 headphones
- FiiO EH13 headphones
- FiiO M27 DAP
- FiiO M33 DAP
- iBasso DM270 DAP

ANATECH DISTRIBUTION

MartinLogan, Bluesound
214

Room 214 will bring together NAD-engineered streaming giant Bluesound and loudspeaker titans MartinLogan, to answer the question 'What level of performance can be achieved in system under £3,000?'

UK Distributor Anatech will premiere the new 100W DirectDigital Pownode in conjunction with MartinLogan's flagship Folded-Motion bookshelf speaker, the Motion XTB100. The result promises impact that exceeds the sum of its parts in terms of size, and cost.

NEW PRODUCTS:

- Bluesound Gen 4 Pownode (N331)
- Bluesound Pulse Flex (Gen 3)

ANTROBUS Audio CONSERVATORY 7

BEAUTIFUL FURNITURE FOR
MUSIC LOVERS

Founded by designer-maker Matt Antrobus, ANTROBUS audio creates bespoke audio furniture that supports serious listening while integrating naturally into modern interiors. Each piece is engineered for stability and resonance control, using high-quality materials and precision craftsmanship.

ATC EL50 Active Loudspeaker

ATC CASTLE VIEW SUITE

For 2026, ATC is very proud to exhibit the new EL50 active loudspeaker, a new flagship at the pinnacle of the SCM50 series of products.

This year, we've moved a few doors down the hall to the larger Castle Suite and we're excited to present this stunning new product in more comfortable and spacious surroundings.

We look forward to meeting with you all over the weekend!

NEW PRODUCTS:

- ATC EL50 Active Loudspeaker

AUDIO NOTE 426

The Audio Note UK room is a must-visit every year, and this event is no exception with the world premiere of the OTO SE 35. This latest evolution of the classic EL84 integrated valve amplifier utilises refined internal components throughout to enhance a much-revered stable of handmade British amplifiers. After 35 years in production, the OTO remains a definitive favourite for many, so we're eager to hear how Audio Note has elevated such a storied classic.

NEW PRODUCTS:

- OTO SE 35 Integrated Amplifier

AUDIO RESURGENCE 322

Audio Resurgence is a UK-based designer of handmade, premium audio amplifiers for those who value a refined listening experience. At this show, explore our range of hand-built, high-fidelity amplifiers delivering purity, warmth, and precision with every note. Enjoy live demonstrations, meet the designers, and preview our unreleased products. Whether upgrading or starting fresh, Audio Resurgence brings exceptional sound and craftsmanship to your system. We hope to see you there!

NEW PRODUCTS:

- AR102A Integrated 'Designer Series' - (Tim De Paravicini)

Our A3SP2 passive bookshelf loudspeakers are available to order immediately and are built to order (expect 12 weeks lead time). The A3HF1 active HiFi system is available to reserve with an expected UK ship date of September 2026. Both are designed to deliver sonic excellence and classic beauty into smaller living spaces. Come visit and hear more.

NEW PRODUCTS:

- Audio3 Ltd A3SP2 Passive Bookshelf Loudspeaker (British)
- Audio3 Ltd A3HF1 Active Bookshelf HiFi System (British)

AUDIOQUEST EMPIRE 1

We all know cables can't "improve" a system — they simply allow the signal to flow. Yet every cable also introduces noise and coloration. In that sense, all cables are compromises. The goal, therefore, is not enhancement, but minimising harm.

By paying close attention to construction, conductor materials, and insulation — and by combining careful listening with scientific methodology — we can significantly reduce unwanted effects. That has been AudioQuest's focus for over 46 years.

Join us in Empire 1 to discover what "Do No Harm" truly means.

AV TECH SOLUTIONS

JL Audio, RBH Sound, Nuprime Audio, Nuprime-X, Meitner Audio, Qualiton, SCHNERZINGER, Wellfloat, EAhibrid, ATI Amplifiers, Nihon Onkyo Engineering
306

On demonstration will be two carefully curated systems - The AV system pairs NuPrimeX's H16 AV Processor with the MCX-800AD Multichannel DAC/Amplifier, driving RBH Sound Signature Reference speakers and supported by a pair of JL Audio Fathom f110v2 subwoofers. Performance is further refined with Wellfloat isolation throughout, alongside EAhibrid battery power supplies and Cyberfilters.

The stereo system features Meitner Audio's MA3i DAC

partnered with the Qualiton 300B Integrated Valve Amplifier, with cabling and protection from SCHNERZINGER and room treatment provided by AGS acoustic diffusers.

NEW PRODUCTS:

- NuPrime-X H16-AIP AV Processor & MCX-800AD Multichannel DAC/Amplifier
- Meitner Audio MA3i DAC
- Qualiton 300B Integrated Valve Amplifier
- Schnerzinger Grid Protector Mains Filter, Allocator Mains Distribution, Cables & Protectors
- Wellfloat DELTA II Extreme Isolation & Double Board Isolation Platform
- RBH Sound 821SF/R Bookshelf Speakers & 821C-SF/R Centre Channel Speaker
- Acoustic Grove System (AGS) Room Acoustic Treatment
- EAhibrid PureDC-B1 Battery Power Supply

CADENCE DISTRIBUTION

Spendor, SME
208

We're excited to be exhibiting at the Bristol show 2026. This year we will be demonstrating our new Spendor A Line loudspeakers showcasing our latest thinking in loudspeaker design and our ongoing pursuit of natural, engaging sound reproduction

We invite you to visit room 208 and spend time listening and discovering what defines the Spendor approach. Whether your new to us or a long term customer, we look forward to welcoming you.

Audio Note OTO SE 35 Integrated Amplifier

Cyrus 80 AMP – Streaming Integrated Amplifier

DECENT AUDIO

Advance Paris, Scansonic, Dual, Van den Hul
CABOT

It's an exciting year for Decent Audio at the Bristol Show. Two major product range launches: Apex amplifiers from Advance Paris and new M-Series loudspeakers from Scansonic. The original versions of both of these ranges were already well received and the updates are bringing additional benefit in terms of sound, features and construction.

We will be linking our system using a cabling loom from Van den Hul and showing Dual turntables with the possibility of a new model on show.

NEW PRODUCTS:

- Advance Paris Apex 30th Anniversary Amplifiers - comprising A8, A10, A12.
- Scansonic M Series Loudspeakers - comprising M15.2, M20.2, M30.2.

COMPETITIONS: Win a pair of AIR65 Active Bluetooth Speakers in White/Light Wood in the Audio T Giveaway

DEVIALET 206

Born from the conviction that the transformative power of sound belongs to everyone, Devialet fuses cutting-edge acoustic engineering with elegant design. With 250 patents and over 100 international awards, Devialet promotes its unique acoustic expertise through iconic products—such as the Devialet Phantom speaker or the Devialet Astra amplifier—and global partnerships, creating deep, physical connections through listening and shaping the future of sound worldwide.

NEW PRODUCTS:

- Devialet Phantom Ultimate high-fidelity wireless speaker

COMPETITIONS: Win a Devialet Mania – High-End Stereo Portable Speaker – (Grey or Black) in the Audio T Giveaway

DIVERSE VINYL TERRACE 3

Diverse Vinyl have been show regulars for over 25 years, bringing, as their name suggests, a "diverse" range of brand new LP releases and audiophile reissues across many genres of music. They'll have all the latest new music, and plenty of classic back catalogue on vinyl and SACD, along with a selection of accessories.

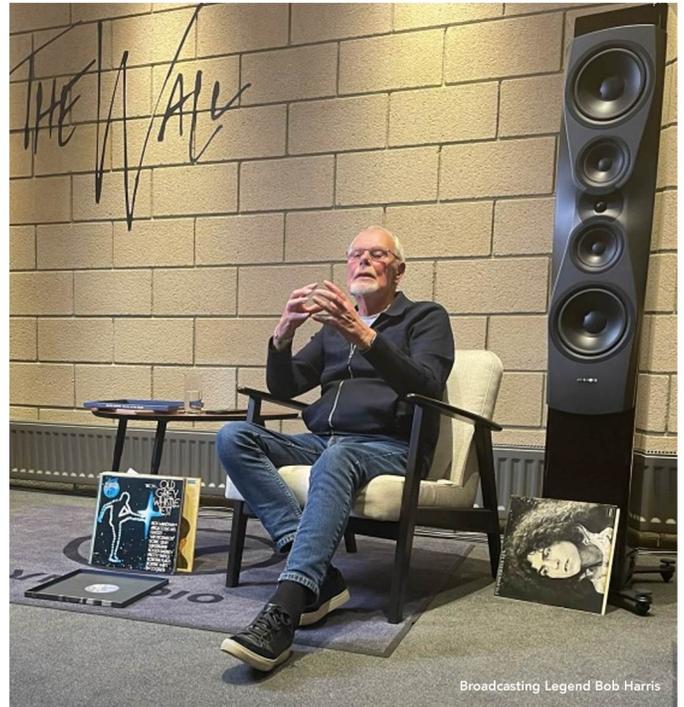

DYNAMIC DISTRIBUTION Kanto Audio 420, 422

Inspired by an equal appreciation of sound and design, Kanto Audio offer a colourful selection of powered desktop and bookshelf speakers, sealed subwoofers, turntables and uniquely designed speaker stands to compliment the home or studio.

NEW PRODUCTS:

- UKI - Desktop Speakers
- OBI3 - Turntable

COMPETITIONS: Win a pair of Kanto UKI & Desktop Stands in the Audio T Giveaway

Broadcasting Legend Bob Harris

DYNAUDIO Dynaudio, Qobuz FOYER 2

Let's Dance: Dynaudio's Bristol Bowie tribute

This year, Dynaudio is teaming up with broadcasting legend Bob Harris to present a special tribute to David Bowie. There will be four hour-long sessions across the weekend with curated playlists, discussions, stories and more.

All tracks will be available on Qobuz – and you'll be able to ask the streaming company questions too, as they'll also be presenting on Saturday and Sunday.

The music will play on Dynaudio's award-winning Contour 20 Black Edition speakers, plus a Naim 500 system.

COMPETITIONS: Win a pair of Dynaudio Emit 20 Speakers in a Walnut finish in the Audio T Giveaway

ERA ACOUSTICS 320

Room 320 is where a new era in sound begins as ERA present the XTL Loudspeaker at the Bristol Show. Following extensive development, XTL is a domestically proportioned transmission line loudspeaker using true quarter wave design.

A truly bespoke speaker, XTL is available in a wide range of finishes to complement any room. The transmission line has become synonymous with a powerful bass, but the XTL presents the full sonic range with sublime reality and depth. Just love the music!

NEW PRODUCTS:

- ERA's new XTL transmission line loudspeakers make their debut

Hegel H150 integrated streaming amplifier

HEGEL

Hegel, Amphion
220, 222

We once again have two rooms each showcasing our integrated streaming amplifiers. Working with our UK distributor, both systems are partnered with Amphion loudspeakers.

In room 220 we have the award winning H150, nicknamed Prodigy, it is a compact yet powerful amplifier and delivers high quality streaming, a DAC, a phono stage, and sounds superb too. It is driving Amphion Argon 1 and is an excellent combination.

In 222 we have another award winner, H400, nicknamed Streamliner, a supremely capable and yet simple to use amplifier. It has a high quality streaming engine, a DAC, sounds powerful yet controlled, nimble and precise but maintains the musical excitement. It is driving one of the new X series Amphion loudspeakers which feature a new beryllium HF driver, just like the one used in

the reference Krypton 3X. Two great systems, each cabled with Audiomica and using MusicWorks power and isolation products to ensure the best possible performance. We hope you enjoy them.

HI-FI+

BRISTOL SUITE 5 & 6

Now in its 27th year, hi-fi+ has been at the forefront of high-end audio as a source of expert reviews, features and opinions of the latest high-quality audio and music, and as a network of discovery. We strive to find the latest and greatest in audio equipment, irrespective of whether it comes from established brands or superstars in the making. hi-fi+ also ventures to bring out the enjoyment and entertainment in audio by producing high quality products that look good. But most of all, we endeavour to help our audience build systems that bring the sound of the live event into the home.

HIFI PiG

CONSERVATORY 2

HiFi PiG is THE online magazine covering the very latest Hi-Fi news and reviews, alongside extensive show reports from major events around the world. We also publish in-depth interviews with the industry's leading designers, engineers and decision-makers, offering genuine insight into the products and the people behind them.

Fiercely independent and refreshingly direct, HiFi PiG operates free from advertiser influence. While UK-centric at its core, it enjoys a strong worldwide reputation and an international readership.global readership and on-the-ground coverage at key shows across Europe, North America and beyond.

EXHIBITORS INFORMATION

INNUOS BRISTOL SUITE 7A, WALLACE

The STREAM series will be making its UK show debut at the Bristol HiFi show. The Innuos team will be on hand in the Wallace Suite to perform comparative demonstrations of the new modular streamer servers, showcasing the STREAM1 & LPS1 against the STREAM3, as well as the new PerformanceDAC module against the higher-end PhoenixDAC module. You can also discover the rest of the Innuos product range at the Innuos stand in the Bristol Suite ballroom, including the Next-Gen and Phoenix series, as well as experiencing the elegant and exclusive Innuos Sense app.

IZILLA Majority Audio, Izilla BRISTOL SUITE 13B

Majority is a British audio brand designed in Cambridge, focused on delivering refined sound, considered design and modern features at accessible price points. From award-winning soundbars to wireless hi-fi products, each model is developed using extensive listening data and real-world insight. Visit us to experience how thoughtful engineering and contemporary British design come together to create engaging, room-filling sound.

Keith Monks Prodigy Beta Primary

NEW PRODUCTS:

- Introducing the larger, more powerful sibling to our award-winning Quadriga hi-fi system, alongside new multiroom streamers.

JBL (HARMAN) 302

For over 80 years, JBL has shaped life's most memorable moments, and elevates listening experiences with superior audio and product designs that encourage individuality and self-expression. With unmatched professional credentials JBL has always been a trailblazer in the audio industry.

This year we are displaying the award-winning JBL BAR Soundbar series – where striking sound performance creates a true cinematic sound experience - one that fills your entire room with true Dolby Atmos® and DTS:X for vivid, immersive 3D spatial audio.

KEITH MONKS Keith Monks, discOvery, Diamond Vinyl FOYER 1D

Keith Monks is the name that started it all, having invented the world's first electric Record Cleaning Machine back in 1969. Used by archives, broadcasters

and serious record collectors worldwide, Keith Monks machines are renowned for their precision, reliability and results. At the show, you can see the latest Prodigy range in action, including the Prodigy Beta Primary, combining decades of expertise with modern, user-friendly design. Visitors can also explore the discOvery range of natural precision cleaning fluids and accessories, all developed to remove deep-seated contamination, reduce surface noise and protect your vinyl long-term. Special show offers will be available across machines, fluids and accessories.

COMPETITION: Win a Prodigy Beta Primary Record Cleaner in the Audio T Giveaway

KLIPSCH Klipsch, Onkyo 304

Premium Audio Company are showcasing their latest products from the worlds of Klipsch and Onkyo.

First announced at CES in January, the new Klipsch Fives II, Sevens II and Nines II will make their UK debut, for you to see and hear, at the Bristol Show! Also on demonstration throughout the weekend will be a traditional hi-fi system focused around the new Onkyo Icon electronics range.

NEW PRODUCTS: • Klipsch Fives II, Sevens II, Nines II

LEEMA ACOUSTICS 412

We are offering visitors an exclusive opportunity to hear the new iD85 and iD150 integrated amplifiers with built-in DACs.

These outstanding, affordable, UK-built products deliver class-leading low-distortion performance with exceptional drive and control. Members of the Leema Acoustics team will be on hand to run engaging demonstrations, answer technical questions, and offer expert system advice.

NEW PRODUCTS: • Klipsch Fives II, Sevens II, Nines II

LOCKWOOD SPEAKERS 226, RECEPTION

Join us for the preview of the Lockwood Universal Series.

Featuring our new 5" Lockwood point-source drive unit with Alnico magnets, combined with modern materials, meticulous engineering and Future-Fi aesthetics to deliver musicality far beyond its size.

Inspired by the original Lockwood Universal loudspeakers, this reimagined classic stays true to its roots — handcrafted in the UK and, just like the originals, available in any colour.

Lockwood Universal Floor Standing Speaker

Hear the loudspeakers that helped shape music history, redefined for a new generation.

NEW PRODUCTS: • Lockwood Universal Bookshelf and Floor Standing Loudspeakers

LYNGDORF AUDIO

ORIGIN LIVE
406

Excellence in sound, beauty in execution, without compromise. This year, British manufacturers Origin Live celebrate their 40th anniversary providing tone arms, turntables and upgrades that are ranked among the best in the world. From the garage of their family home in 1986, to a 10,000sq ft factory in Southampton committed to all in-house manufacturing. Origin Live are a family business that has grown out of a belief in the quality of vinyl sound, and the award-winning innovation of its playback.

JICO

Clipper

JICO's brand new original
Dual-Fitting MM Cartridge
featuring an ApexGlide headshell
and a Tapered S Cantilever.

Ready for Take-Off!

JICO CLIPPER MM CARTRIDGE

£ 499,00 - Tonar no. 78048 (for S-shaped tonearm), Tonar no. 78052 (for straight tonearm)

Visit us!
Stand Bristol 9
Ground Floor
at **tonar**

The Clipper is the world's first Dual-Fitting Stylus Cartridge, a true game-changer in the world of vinyl playback. This unique cartridge is not only compatible with its own original stylus but also with the renowned Shure N44 and all types of JICO N44 replacement styli, including the MORITA and SAS styli.

By physically tapering the cantilever—narrowing the tip and widening the base—the vibrations are amplified towards the rear. This minimizes the tip mass for exceptional vibration fidelity, resulting in more precise tracking and a sound that's dynamic, punchy, and full of life.

The Clipper features a unique ApexGlide precision-engineered finger lift, centrally positioned on the headshell of the cartridge, for exceptional stability and ease of use.

Tonar International is the European distributor of JICO
