

MARTEN LOUDSPEAKERS AT CES 2010

The Marten loudspeaker company of Sweden, founded in 1998, has been attending every CES since 2003, where the Marten Coltrane model was introduced to the international high-end scene. Step by step, Marten has built an international reputation for extremely high-quality loudspeakers using ceramic and diamond drivers.

Two new models, the Coltrane Momento and the Heritage Getz, will be shown for the first time at CES 2010, completing Marten's three model ranges with eleven loudspeakers.

TAKE THE MARTEN TOUR AT CES 2010

There will be a wide selection of Marten loudspeakers on display at CES 2010, with five models in six rooms.

You will be able to hear many different Marten loudspeakers, in a variety of settings and with a variety of electronics, both tube and solid state.

Please take the Marten tour!
